COBRA Trailer for the Standard- and 15-m Class			
with double shell fiberglass top, with supported plastic floor	9.900,00	011	
with aluminium top, with supported plastic floor	10.400,00	022	
with double shell fiberglass top, with 40mm aluminiumsandwich floor	10.400,00	01	
with aluminium top, with 40mm aluminiumsandwich floor	10.930,00	02	
COBRA Trailer for the 18-m Class, one part wing			
with COREMAT fiberglass top, with supported plastic floor	10.690,00	033	
with aluminium top, with supported plastic floor	11.320,00	044	
with COREMAT fiberglass top, with 40mm aluminiumsandwich floor	11.320,00	03	
with aluminium top, with 40mm aluminiumsandwich floor	11.970,00	04	
COBRA Trailer for Two Seater, wings in one part			
with COREMAT fiberglass top, with supported plastic floor	11.450,00	055	
with aluminium top, with supported plastic floor	12.020,00	066	
with COREMAT fiberglass top, with 40mm aluminiumsandwich floor	12.020,00	05	
with aluminium top, with 40mm aluminiumsandwich floor	12.890,00	06	
COBRA Trailer for Sailplanes of the Open Class			
with COREMAT fiberglass top, with supported plastic floor	12.600,00	077	
with aluminium top, with supported plastic floor	13.280,00	088	
with COREMAT fiberglass top, with 40mm aluminiumsandwich floor	13.280,00	07	
with aluminium top, with 40mm aluminiumsandwich floor	14.080,00	08	
Trailer Extras			
L-Package: shock absorbers, wing support and central rail	330,00	83	
SL-Package <u>One Seater</u>: shock absorbers, wing support and central rail + extension, hydraulic lifting unit at the ramp or for sailplanes with a fixed landing gear, a hydraulic fuselage lifting dolly; up to 450 kg	680,00	844	
SL-Package <u>Two Seater</u>: shock absorbers, wing support and central rail + extension, hydraulic lifting unit at the ramp or for sailplanes with a fixed landing gear, a hydraulic fuselage lifting dolly; up to 650 kg	795,00	84	
Spare Wheel under the trailer behind the axle (depends on glider type)	16,00	2241	
Tandem Axle	920,00	42	
Wing-tip extension fixtures, short (price depends on size) please request	410,00	11	
Wing-tip extension fixtures, long (price depends on size) please request	515,00	12	
Winglet fixtures , price depends on size of the winglet 120 to 330 €	130,00	13	
Tailwheel rail , one piece, tip-up	160,00	15	
Extension for tailwheel rail	65,00	16	
Hydraulic lift ramp , for planes up to 450 kg, additional	330,00	98	
Hydraulic lift ramp , for planes up to 650 kg, additional	460,00	10	
For sailplanes with fixed gear: hydraulic fuselage lift dolly , additional	460,00	76	
For ramp with scissor jacks: 2 gas springs to lift heavier fuselages	70,00	123	

mandatory information

Type of glider: (detailed) _____

Trailer color: white with red ____; white with blue ____

Tail: wheel __, Tail skid____; steerable wheel ____; Tail skid with small wheel

	net EURO	Part-no.:	Selection
Device for lifting heavy tails out of the mold	76,00	17	
Strap to secure rear of fuselage	55,00	19	
Two bolts at the outer panel, to turn the wings (not possible for all types of gliders)	55,00	91	
For sailplanes with sweepback of wingnose: carpet as protection on the floor	60,00	78	
pimpled rubber , between the rails, antiskid	130,00	801	
Interior lighting , 2 lamps, front and back	90,00	20	
Competition numbers , each letter	20,00	18	
Solarpanel on the trailer, with controller, for loading the gliderbattery	515,00	79	
Solarsystem with buffer battery and controller, etc., ask for Solar Price List			
Skylight for a solar battery charger in the cockpit of the sailplane	280,00	37	
Lockable drawer under trailer, approx. 120 x 80 x 18 cm, with roller bearings	620,00	46	
Solar-powered ventilator	140,00	38	
Insulation in the top of the trailer, 15m-class (for aluminium top only)	870,00	69	
Insulation in the top of the trailer, 12m-class (for aluminium top only)	980,00	80	
Insulation in the top of the trailer, two seater and Open class (for aluminium top only)	1.180,00	81	
Towing bar for ground handling, foldable	270,00	27	
Towing bar with lifting device for motorgliders, one seater	380,00	672	
Towing bar with lifting device for motorgliders, double seaters and the Open Class	380,00	599	
Wing dolly for ground handling	350,00	29	
Wing support for two-men assembly	140,00	75	
Wing support with electric height adjustment	430,00	87	
Tie-down-set : 3 straps, 3 ground anchors, 1 hammer	130,00	30	
Rigging aid , mechanic upward/downward and forward/backward drive, 2 airinflated wheels	998,00	31	
Rigging aid , mechanic upward/downward drive, with 5-wheel caster chassis, foldable	998,00	106	
Rigging aid , electric drive, remote control by wire, 2 airinflated wheels	1.790,00	85	
Rigging aid , electric drive, remote control by wire, with 5-wheel caster chassis, foldable	1.790,00	86	
Rigging aid , electric drive, infrared remote control, 2 airinflated wheels	2.120,00	107	
Rigging aid , electric drive, infrared remote control, with 5-wheel caster chassis, foldable	2.120,00	108	
Eccentric pin for wing assembly	130,00	90	
Protective undercoating , silver-colored, standard- and 15-m class	160,00	22	
Protective undercoating , silver-colored, 18-m class	190,00	23	
Protective undercoating , two seater and open class	220,00	24	
Swing-down vertical supports back each pair	130,00	39	
Swing-down vertical supports front, each pair	130,00	40	
7-pin plug instead of 13-pin plug		67	
Adapter 7-pin. to 13-pin or reverse	35,00	324	
2-plug system, 7-pins and 13-pins	140,00	77	
Lock for the coupling, 50 mm with safety ball	20,00	129	
Lock for coupling, AKS 3004, special	55,00	41	
Vehicle jack and lug wrench	99,00	43	
Shock absorbers at the axle	130,00	44	
ALKO AKS 3004 safety clutch with stabilizer, additional	357,00	45	
Plastic fender at the clutch, only for 50 mm, not for 2 inch and safety clutch	8,00	125	
Weather protection cover for trailer tow bar	31,00	126	
Removable towing bar at the trailer, with quick pin and second nose dolly	394,00	74
