| | | | |
|--|---|---|------------------|
| Trailer for the Standard- and 15-m Class, | with fiberglass top, with plasticsandwich floor | " | 9.230,-- |
| | <u>with aluminium top, with plasticsandwich floor</u> | " | <u>9.700,--</u> |
| | with fiberglass top, with aluminiumsandwich floor | " | 9.700,-- |
| | <u>with aluminium top, with aluminiumsandwich floor</u> | " | <u>10.190,--</u> |
| Trailer for the 18-m Class, one part wing, | with fiberglass top, with plasticsandwich floor | " | 9.970,-- |
| | <u>with aluminium top, with plasticsandwich floor</u> | " | <u>10.550,--</u> |
| | with fiberglass top, with aluminiumsandwich floor | " | 10.550,-- |
| | <u>with aluminium top, with aluminiumsandwich floor</u> | " | <u>11.150,--</u> |
| Trailer for Two Seater, wings in one part, | with fiberglass top with plasticsandwich floor | " | 10.670,-- |
| | <u>with aluminium top with plasticsandwich floor</u> | " | <u>11.200,--</u> |
| | with fiberglass top, with aluminiumsandwich floor | " | 11.200,-- |
| | <u>with aluminium top, with aluminiumsandwich floor</u> | " | <u>12.010,--</u> |
| Trailer for Sailplanes of the Open Class, | with fiberglass top, with plasticsandwich floor | " | 11.740,-- |
| | <u>with aluminium top, with plasticsandwich floor</u> | " | <u>12.370,--</u> |
| | with fiberglass top, with aluminiumsandwich floor | " | 12.370,-- |
| | <u>with aluminium top, with aluminiumsandwich floor</u> | " | <u>13.120,--</u> |

All trailers are equipped in standard version with a spare wheel and a stacker box in the front section.

For increased driving and loading convenience, we recommend our **L-Package**, consisting of shock absorbers at the axle, a wing support for the two-men assembly and a one-piece tip-up central rail for ease of loading of all fuselages equipped with a tail wheel.

L-Package: shock absorbers, wing support and one-piece central rail, saving Ö 86.-- **Ö 310.--**

For all heavy sailplanes such as power gliders, two-seaters and Open Class, we recommend the **SL-Package**, consisting of shock absorbers at the axle, a wing support for the two-men assembly, a two-piece central rail for loading of heavy fuselages and a hydraulic lifting unit at the loading ramp for easy lifting of the aircraft by means of a foot pedal or, for sailplanes equipped with a fixed landing gear, a hydraulic fuselage lifting dolly.

SL-Package: shock absorbers, wing support, two-piece central rail and hydraulic lifting unit
Or hydraulic fuselage lifting dolly, saving Ö 130.-- **Ö 760.--**

N.B.

The legal regulations as regards lighting of glider transport trailers are extremely diversified in the various countries. The standard lighting equipment, consisting of 2 tail lights, 2 stop lights, 2 flashing lights, 1 license plate light and 6 or 8 lateral reflectors, is included in the basic price of the trailer. Please refer to the listing of accessories on the reverse side as regards additional lighting equipment required in any individual country of destination. Because the regulations are changing very often we ask you in case of doubts to inform you at your traffic authorities.

Prices ex works , plus Value Added Tax
