-----------	-----------

COBRA Trailer for the Standard- and 15-m Class			
with double shell fiberglass top, with supported plastic floor	9.490,00	011	
with aluminium top, with supported plastic floor	9.970,00	022	
with double shell fiberglass top, with 40mm aluminiumsandwich floor	9.970,00	01	
with aluminium top, with 40mm aluminiumsandwich floor	10.480,00	02	
COBRA Trailer for the 18-m Class, one part wing			
with COREMAT fiberglass top, with supported plastic floor	10.250,00	033	
with aluminium top, with supported plastic floor	10.850,00	044	
with COREMAT fiberglass top, with 40mm aluminiumsandwich floor	10.850,00	03	
with aluminium top, with 40mm aluminiumsandwich floor	11.470,00	04	
with double shell fiberglass top, extra charge	388,00	1665	
COBRA Trailer for Two Seater, wings in one part			
with COREMAT fiberglass top, with supported plastic floor	10.970,00	055	
with aluminium top, with supported plastic floor	11.520,00	066	
with COREMAT fiberglass top, with 40mm aluminiumsandwich floor	11.520,00	05	
with aluminium top, with 40mm aluminiumsandwich floor	12.350,00	06	
COBRA Trailer for Sailplanes of the Open Class			
with COREMAT fiberglass top, with supported plastic floor	12.070,00	077	
with aluminium top, with supported plastic floor	12.720,00	088	
with COREMAT fiberglass top, with 40mm aluminiumsandwich floor	12.720,00	07	
with aluminium top, with 40mm aluminiumsandwich floor	13.490,00	08	
Trailer Extras			
L-Package: shock absorbers, wing support and central rail You Save € 80	310,00	83	
SL-Package One Seater: shock absorbers, wing support and central rail + extension, hydraulic lifting unit at the ramp or for sailplanes with a fixed landing gear, a hydraulic fuselage lifting dolly; up to 450 kg You Save 113 €	650,00	844	
SL-Package Two Seater: shock absorbers, wing support and central rail + extension, hydraulic lifting unit at the ramp or for sailplanes with a fixed landing gear, a hydraulic fuselage lifting dolly; up to 650 kg You Save 115 €	760,00	84	
New: Tandem Gas struts - for ASH31, ASG29, Ventus 2 (18m), Discus 2 (18 m)	315,00	338	
Spare Wheel under the trailer behind the axle (depends on glider type)	15,00	2241	
Tandem Axle	877,00	42	
Wing-tip extension fixtures, short (price depends on size) please request	390,00	11	
Wing-tip extension fixtures, long (price depends on size) please request	595,00	12	
Winglet fixtures , price depends on size of the winglet 120 to 330 €	120,00	13	
Tailwheel rail , one piece, tip-up	147,00	15	
Extension for tailwheel rail	60,00	16	
Hydraulic lift ramp , for planes up to 450 kg, additional	311,00	98	
Hydraulic lift ramp , for planes up to 650 kg, additional	438,00	10

		Part-no.:	Selection
For sailplanes with fixed gear: hydraulic fuselage lift dolly , additional	438,00	76	
For ramp with scissor jacks: 2 gas springs to lift heavier fuselages	66,00	123	
Device for lifting heavy tails out of the mold	71,00	17	
Strap to secure rear of fuselage	51,00	19	
Two bolts at the outer panel, to turn the wings (not possible for all types of gliders)	51,00	91	
For sailplanes with sweepback of wingnose: carpet as protection on the floor	56,00	78	
pimpled rubber , between the rails, antiskid	80,00	801	
Interior lighting , 2 lamps, front and back	86,00	20	
Competition numbers , each letter		18	
Solarpanel on the trailer, with controller, for loading the gliderbattery	515,00	79	
Solarsystem with buffer battery and controller, etc., ask for solar price list			
Skylight for a solar battery charger in the cockpit of the sailplane	265,00	37	
Lockable drawer under trailer, approx. 120 x 80 x 18 cm, with roller bearings	591,00	46	
Solar-powered ventilator	140,00	38	
Insulation in the top of the trailer, 15m-class (for aluminium top only)	826,00	69	
Insulation in the top of the trailer, 12m-class (for aluminium top only)	933,00	80	
Insulation in the top of the trailer, two seater and Open class (for aluminium top only)	1.122,00	81	
Towing bar for ground handling, foldable	255,00	27	
Towing bar with lifting device for motorgliders, double seaters and the Open Class	357,00	599	
Wing dolly for ground handling	331,00	29	
Wing support for two-men assembly	132,00	75	
Wing support with electric height adjustment	408,00	87	
Tie-down-set : 3 straps, 3 ground anchors, 1 hammer	117,00	30	
Rigging aid , mechanic upward/downward and forward/backward drive, 2 airinflated wheels	998,00	31	
Rigging aid , mechanic upward/downward drive, with 5-wheel caster chassis, foldable	998,00	106	
Rigging aid , electric drive, remote control by wire, 2 airinflated wheels	1.693,00	85	
Rigging aid , electric drive, remote control by wire, with 5-wheel caster chassis, foldable	1.693,00	86	
Rigging aid , electric drive, infrared remote control, 2 airinflated wheels	2.019,00	107	
Rigging aid , electric drive, infrared remote control, with 5-wheel caster chassis, foldable	2.019,00	108	
Eccentric pin for wing assembly	121,00	90	
Protective undercoating , silver-colored, standard- and 15-m class	147,00	22	
Protective undercoating , silver-colored, 18-m class	183,00	23	
Protective undercoating , two seater and open class	204,00	24	
Swing-down vertical supports back each pair	122,00	39	
Swing-down vertical supports front, each pair	122,00	40	
Lock for coupling, AKS 3004, special	51,00	41	
Vehicle jack and lug wrench	64,00	43	
Shock absorbers at the axle	117,00	44	
ALKO AKS 3004 safety clutch with stabilizer, additional (for 50 mm ball only)	341,00	45	
Weather protection cover for trailer tow bar	30,00	126	
Removable towing bar at the trailer, with quick pin and second nose dolly	377,00	47	
tail lift device for tail dolly	205,00	73	
for Open Class trailers: storage crate in front of wing, with lid, 1250x350x160mm, pp	360,00		
outside storage crate , before or behind the wheel, lockable, splash water tight, 1250x320x240mm, p	410,00		
rack with 2 water cans a 20l, open top with strap, possible up to 6 p, pp	170,00
